

# We Are Nashville

## (verse)

A city that's just for me  
A valley of opportunity  
Made up of what we see  
A symphony of diversity

This is where I belong,  
the city that I call home  
Hand in hand, together we will stand

## (chorus)

We are Nashville  
You and Me  
We are Nashville  
A city of harmony

Hand in hand,  
together we will stand  
We are Nashville

## (verse 2)

From Belmont to Berry Hill  
Broadway on down to East Nashville  
Our many differences all become  
A song that we sing in unison

This is where I belong,  
the city that I call home  
Hand in hand, together we will stand

## (chorus)

We are Nashville  
You and Me  
We are Nashville  
A city of harmony

No matter where you're from  
Together we are one  
Through the languages we speak  
There is one heartbeat

Hand in hand,  
together we will stand  
We are Nashville

No matter where you're from  
Together we are one  
Through the languages we speak  
There is one heartbeat

Hand in hand together we will stand  
We are Nashville  
You and me, we are Nashville  
A city of harmony, we are Nashville
